Caring for Creation

Sue Glanville

Sunday 2 October - Tuesday 4 October

Please arrive by noon, course ends with lunch.

Residential - £208 Non Residential - £108

Residential Course - R3422

The retreat begins with a trip to Hazlenut Community Church in Bristol. Their mission is to follow the creator God and be inspired by permaculture principles in order to create natural spaces of peace that have social innovation, economic inclusion, political and spiritual transformation at their heart. We will also watch 'The Ants and the Grasshopper', a film about gender, race, climate change and the future of the planet that asks 'how do you change someone's mind about the most important thing in the world?' There will also be a woodland meditation and time to be renewed by Nature Poetry. And, of course, we will learn from each other as we discover what we can do individually about climate change. We would love you to join us!

'The doors are open as to how my ministry will unfold in the months and years to come but I have viewed my artistic and musical life as a kind of ministry for many years.' Come and meet David at the Centre and view his beautiful work.

Helen English

Tuesday 18 October - Thursday 20 October

Please arrive by 10am, course ends with lunch.

Residential - £365 Non Residential - £265

Residential Course - R2722

In this workshop exploring Wings and Arrows will be a key feature, grounded in the Enneagram's three centres and the connection between them. How do they work? How do they affect us? How can they be used more consciously? The Enneagram is not about 'boxing' or fixing people. It's a dynamic system encouraging movement and change. It's about actually enabling movement, so we're more fully in the flow of life: becoming more conscious, identifying where we're resisting and discovering how to move through.

This is a Part 2 workshop so you will have already done a Foundation Workshop at Ammerdown or elsewhere.
